

Our lobbies are now open and we are looking forward to seeing you again!

As we continue to work to maintain a safe environment for our employees and customers, we offer the following as we reopen our lobbies:

- Hand Sanitizer will be available for your use
- Encouraging social distancing with six-foot floor markers
- Masks are welcome; however, we may ask that you remove your mask for temporary identification
- We routinely sanitize customer contact areas

While we understand you may choose to continue to practice extra safety measures and prefer not to access our lobbies at this time, our three drive-in locations will continue to be available to you.

We encourage all customers to take advantage of alternative banking channels such as our mobile banking app and online at <https://www.springhillbank.com>. We also encourage the use of the Card Valet application to assist you in managing your debit card in a more personal way.

THROUGH THESE CHANNELS YOU CAN:

- Access your accounts to see transactions, account balances, and important details like account and routing numbers;
- Make payments on your loans, pay bills through Bill Pay
- Transfer funds between Spring Hill State Bank Accounts

You may contact us at **903-759-0751** should you have any specific questions.
